This document lists the descriptors for services currently able to be accredited for Sleep Disorders Services.

In addition to referencing the ASA standard for Sleep Disorders Services and the applicable services listed below, scopes of accreditation will include the material/item/product, the determination and the technique used.

The list below will be updated as new services are accredited.

Services
Administrative support
Clinical management service
Diagnostic study
Treatment study

Amendment Table

The table below provides a summary of changes made to the document with this issue.

Amendment
New document replacing the previous <i>Categories of Sleep Disorders Services</i> . This new document describes the revised nomenclature for describing services able to be covered by scopes of accreditation.
