

DRAFT DOCUMENT FOR FEEDBACK

Specific Accreditation Criteria: ISO/IEC 17025 Application Document, Manufactured Goods - Annex, Electromagnetic Compatibility (EMC) testing

Instructions for feedback

NATA members and stakeholders are welcome to provide feedback on the enclosed document.

All feedback received by the closing date will be considered by NATA and the relevant Accreditation Advisory Committee.

Should you wish to provide feedback please do so by completing the enclosed form by **COB 4th November 2022** and returning to:

Mr Nick Di Cresce
Deputy Sector Manager - Materials, Assets and Products
nick.dicresce@nata.com.au

Please note that any feedback received after this date will not be considered.
