

Background Memo

Document:	Specific Accreditation Criteria: ISO/IEC 17025 Application Document, Calibration - Appendix
Date:	August 2025
Key changes:	<p>The following amendments to the Calibration Appendix have been incorporated:</p> <ul style="list-style-type: none"> • Inclusion of metrological traceability describing the accreditation of National Metrological Institutes and Designated Institutes, (6.5). • Update to include greater emphasis on key purpose of PT and PT plan. Also, combining thermometers and thermocouples as one measurement type and general revision, (7.7.2). • Removal of AS 1000 as it is no longer current, addition of reporting results for transducer calibration and reporting percentage error, (7.8.4.1).
Background:	
<p>The proposed changes have been made as a result of feedback received from assessment activities, general queries and updates to external documents.</p> <p>Feedback on the Calibration Appendix in this instance should be restricted to the proposed changes only. General feedback and new issues with the Calibration Appendix may be sent in to NATA at any time and when requested (by NATA) prior to the annual Accreditation Advisory Group meetings.</p>
