This publication is protected by copyright under the Commonwealth of Australia Copyright Act 1968.

NATA's accredited facilities or facilities seeking accreditation may use or copy this publication or print or email this publication internally for accreditation purposes.

Individuals may store a copy of this publication for private non-commercial use or copy a reasonable portion of this publication in accordance with the fair dealing provisions in Part III Division 3 of the Copyright Act 1968.

You must include this copyright notice in its complete form if you make a copy of this publication.

Apart from these permitted uses, you must not modify, copy, reproduce, republish, frame, upload to a third party, store in a retrieval system, post, transmit or distribute this content in any way or any form or by any means without express written authority from NATA.

In addition to the ISO/IEC 17025 Standard Application Document (SAD), this index identifies the applicable Specific Accreditation Criteria (Annexes), Specific Guidance Documents and Specific Forms relevant to the Services defined in the Scope of Accreditation.

<b>Service (as described in the Scope of Accreditation)</b>	<b>Document Type</b>	<b>Document Title</b>
Acoustic emission monitoring of metallic and composite materials	Specific Accreditation Criteria	N/A
Evaluation of air control equipment	Specific Accreditation Criteria	Infrastructure and Asset Integrity ISO/IEC 17025 Annex: Testing Air Control Equipment
Evaluation of environmental durability of assets and equipment	N/A	N/A
Evaluation of geometric properties of structures and equipment	N/A	N/A
Evaluation of geotechnical and civil construction material	Specific Accreditation Criteria Specific Accreditation Guidance Specific Accreditation Guidance Specific Accreditation Form	Infrastructure and Asset Integrity ISO/IEC 17025 Annex: Geotechnical Civil Construction Materials Testing Infrastructure and Asset Integrity: Measurement Uncertainty for Geotechnical Testing Infrastructure and Asset Integrity: Technical Issues in Geotechnical testing Notification of Establishment of an Annex Facility
Evaluation of high voltage/power equipment and components	N/A	N/A
Evaluation of load generating lifting appliances	Specific Accreditation Criteria	Infrastructure and Asset Integrity Infrastructure and Asset Integrity ISO/IEC 17020 and ISO/IEC 17025 Annex: Lifting Equipment Assessment

Service (as described in the Scope of Accreditation)	Document Type	Document Title
Evaluation of load handling, rigging and tensioning systems	Specific Accreditation Criteria	Infrastructure and Asset Integrity Infrastructure and Asset Integrity ISO/IEC 17020 and ISO/IEC 17025 Annex: Lifting Equipment Assessment
Evaluation of mechanical performance of pedestrian and impact attenuation surfaces	N/A	N/A
Evaluation of mechanical performance of pressure plant, pipelines and equipment	Specific Accreditation Criteria	Infrastructure and Asset Integrity ISO/IEC 17025 Annex: Pressure Testing
Measurement of sound levels in workplaces and the environment	Specific Accreditation Criteria	Infrastructure and Asset Integrity ISO/IEC 17025 Annex: Acoustic and Vibration Monitoring and Analysis (17025)
Non-destructive examination	Specific Accreditation Criteria Specific Accreditation Guidance Specific Accreditation Guidance Specific Accreditation Guidance Specific Accreditation Guidance Specific Accreditation Form	Infrastructure and Asset Integrity ISO/IEC 17025 Annex: Non-destructive Testing Infrastructure and Asset Integrity: NDT Facilities in Engaging External Resources Infrastructure and Asset Integrity: Technical Issues in NDT Infrastructure and Asset Integrity: Measurement Uncertainty in NDT Infrastructure and Asset Integrity: Purchasing NDT test specimen services NDT Work Site Advice Form
Sample collection	N/A	N/A
Thermographic analysis of infrastructure and equipment	N/A	N/A

<b>Service (as described in the Scope of Accreditation)</b>	<b>Document Type</b>	<b>Document Title</b>
Vibration analysis	Specific Accreditation Criteria	Infrastructure and Asset Integrity ISO/IEC 17025 Annex: Acoustic and Vibration Monitoring and Analysis

## Amendment Table

The table below provides a summary of changes made to the document with this issue.

<b>Amendment</b>
Minor inconsistencies rectified
